"Where's My Slippers"

Classics Never Die
The Wizard of Oz Remains Classic
Come and Re-Live The Dream

As Judy Garland said

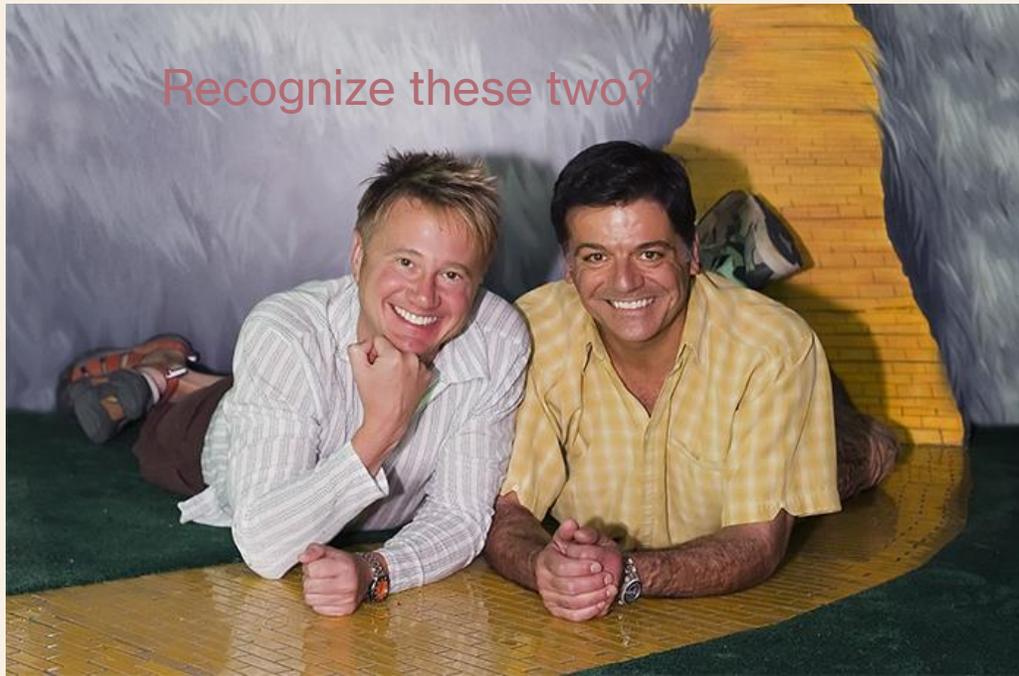

There's no place like home, and then there's no place like the "Wizard of Oz"-themed room at The Roxbury Hotel. From floor to ceiling,

"The Wizard of Emeralds"

(also known as Room 21) is decked out in full Oz fashion, complete with glittering emerald bedding, a real-life yellow brick road, and even poppies in the bathroom.

Recognize these two?

“The Wizard of Emeralds” room is anything but boring. Bursting in greens, purple, yellow, and almost every colour under the rainbow is on show. “It isn’t away above the chimney tops, but any trouble sleeping will melt like lemon drops staying here.” The Roxbury writes. “Yes, folks, a yellow brick road goes right through the centre of the room (next to the king size bed and sofa bed) until it joins into a wall-size painting of our version of the Emerald City”. Once you step in! the outside world simply disappears as the room unfolds around you. A hotel visit you are sure to never forget.

The Roxbury isn't just a Hotel

"Its an adventure"

The Roxbury is nestled perfectly in the Catskill Mountain Region of New York State yet only approximately 3 hours from New York City itself. A super location if you're looking to escape the city and alternatively if you wish to travel into the city.

Each uniquely themed room features a TV with complimentary Netflix, a microwave, a refrigerator, air conditioning and a private bathroom but it's the themed rooms that really melt guests' hearts at this awesome establishment.

A complimentary continental breakfast is available each morning at the property which boasts two spas, hot tub, a dry sauna, a steam room and treatment rooms as well. The mountains provide activities in every season including skiing, hiking, fishing, kayaking, zip-lining, plus so much more.
