Lost in Medieval Times

Firstly, Welcome to The Czech Republic and this Medieval break you are walking into. Everything is so authentic you'd believe you were there. Enjoy Dětenice Château Resort to the fullest, you won't regret it.

The unique interiors of the hotel will take your breath away and a night spent here will no doubt become an unforgettable experience long after leaving.

Should you feel a bit freaked out, that is because the place is haunted day and night! Mysterious energy surrounds you and takes you back to ancient times that you only may know from costume dramas and historical novels on TV.. Come and join us for an epic journey to the Middle Ages!

Throughout your stay, everyone is in costume wherever you go. The whole experience really would have someone thinking they were literally in The Middle Ages.

A bellboy guides you up the wooden staircase to the first floor- lit and scented with wood and burning candles, taking you back to the dark ages from the outset.

Press the iron wrought handle and enter a room scented with lavender and dried herbs with a bevelled wooden ceiling. In what may look like a dry latrine is actually a shower enclosure, with a hot water can in place of a shower. The stone trough to wash your hands may surprise you, but you will be pleasantly satisfied with its sweet smell. No doubt, the past is present in every tiny detail here. Although you may feel like you're in the dark ages, everything works to the high standards of today but its difficult to se it due to the extreme care and attention they have taken to make all feel real.

The bedrooms are tastefully done with no expense spared on furnishings. The real smell of wood, the musky scent of days gone by are all around which does set the scene for the rest of your stay.
