The 'M.V. Fiji Princess' Experience

The M.V. Fiji Princess will be your home away from home for the duration of your cruise, except you'll wake up in a different stunning location each morning and with 70 years' experience cruising the islands of Fiji, we know all the best places to take you! Who better to show you their home than the Fijians themselves so we pride ourselves on having an all-Fijian crew and with a high crew member-to-guest ratio, so you know you will be well looked after. Our crew will quickly know you by name and every way you turn there will be a big 'BULA' welcome.

The small size of Blue Lagoon Cruises' cruise ship, the M.V. Fiji Princess, is just one of the reasons why a cruise with us so special. Measuring 179 feet (55 metres), she can access bays and islands that would be impossible to reach in a larger ship – we can get so close to shore that we can tie off to a coconut tree and you can swim to the beach.

Once a week on a Friday, M.V. Fiji Princess departs Port Denarau for her voyage into the enchanting Mamanuca and Yasawa Islands. There, she spends seven days cruising from one spectacular setting to the next before returning to Denarau (this is our 7-night cruise).

Blue Lagoon Cruises cater for people of all ages and fitness levels. Although you do have to be able to make your way up and down narrow staircases. While getting in and out of the tender boats can require a certain degree of mobility, the crew will tailor shore landings to suit and there's nothing wrong with staying on board for those that would prefer to relax and enjoy the scenery. On or off the ship, the Blue Lagoon Cruises team will ensure that you will have a truly memorable experience.
